**Basic Editing Skills:** Avid/Premiere, Photoshop, After Effects and InDesign.

## RECENT EXPERIENCE

General Assembly, Boston, MA

August 2017 – Present

### Web Immersive Development

12-Week, 600+ hour, intensive full-stack web development course at General Assembly. Web development experience in JavaScript, HTML, CSS3, Ruby, Rails, SQL, AJAX, Git, Ember.

### Web Dev Projects:

#### Tic Tac Toe

Play a tic-tac-toe game locally with a friend, tracking how many games you've played! Full user API and game logic using AJAX, JavaScript and JQuery.

#### Note-ify

Full-stack web application allowing users to jot down notes and retrieve them. Created using Ruby on Rails and Heroku for back-end, and dynamic front end UI JavaScript, JQuery, Handlebars, CSS and HTML for front-end.

#### ¡Survey-za!

¡Survey-za! is a survey app designed to publicly vote on different kinds of drinks, although you can create and edit any poll you'd like unrelated to drinks. Users can view results of any survey, but if a user edits the survey, votes will be cleared (no cheating!). ¡Survey-za! is a full-stack web app created using JavaScript, Express, MongoDB and mongoose. Handlebars is used to populate the survey feed and most of the buttons.

COMPLEX, New York, NY
